

# New Web-Site!

Here it is our new and first run at a web-site and all the things that go along with it.

We have really enjoyed the challenge and the process of creating something like this. After all, our specialty and training is experience designing, trip logistics and planning, etc. As with our trips, we want you to have something different, more personal but yet an experience that exemplifies our professional abilities.

## We have a number of exciting adventures coming-up. Our company specializes in 3 specific areas:

**Friends, Family and Fans** Creating experiences for friends, family and fans to view Elite level sporting competitions around the world such as our [BMX Worlds in South Africa trip](#) and our [Mallorca Challenge Trip](#).

sure that your experience is complete.

With over 12 years in the sport of Professional Cycling, we have created experiences and trips that are meticulously organized. We spend a huge amount of time studying the logistics, making sure that the event has interesting and unique qualities and selecting professional staff to support our clients for every event.

**The 3F Experience** We give you the insight on how a team or a group of professionals operates. Having managed more than 20 World Championships and the 2008 USA Olympic Team, we are ready to serve you! Please check-out our events and "get on our wheel" by following the action on [FaceBook](#) and [Twitter](#) for updates and up-coming announcements.

Look for our 2012 pre-offers in Fall 2010.

**World Class Racing** Organizing and professionally supporting riders for events such as [MTB Marathon Worlds in Germany](#). We will provide professional level services for these events.

**World Class Traveling** Creating exciting and well organized sporting vacations around the world, such as our [Mallorca Riding Experiences](#). Our trips are different, they highlight the unique and we will make
